# THE TENNESSEE EDUCATION ASSOCIATION DELIVERS MORE

value than any other professional association for educators in Tennessee.

## EDUCATION

Earn PDPs at TEA trainings across the state. TEA covers everything from classroom management to teacher evaluations.

## ADVOCACY

Elected officials from the state house to the local school board impact your classroom. You **MUST** be part of the discussion.

## LEADERSHIP

Improve public education in your district by learning the skills to be an effective leader in your school and in your community.

## DISCOUNTS

Enjoy the buying power of more than 3 million educators nationwide by taking advantage of NEA's numerous member discounts.

## SUPPORT

TEA has a staff person working in every district, and the best legal team to represent you in times of need.

## LIABILITY

State and local liability insurance only works if there is no "violation of any board rule or policy." TEA always covers you.

TEA was built by educators like you who understood that there is more to teaching than just showing up in the classroom every day.

For more than 150 years, TEA members have believed in going above and beyond to see their students thrive and to see the profession they love protected for the next generation.
